

AIRLINE TRANSPORT PILOT COURSE DESCRIPTION

COURSE OVERVIEW

Welcome to 360 Aviation's Airline Transport Pilot course. This 3-day airline transport pilot course will teach you to safely work for an airline and achieve the "Doctorate Degree of Aviation." This course does require extensive preparation in order to take the written test, which is a prerequisite to taking the course. We will work with you during the day, but you must work each night reviewing ground and flight items introduced that day, as well as previously taught subjects. Personal preparation and studying will allow you to pass the check ride with ease.

PREREQUISITES PRIOR TO STARTING

COURSE FEE OPTION

The course fee option guarantees one of our instructors will work with you each day on the ground and in the air. The average length for the Airline Transport Pilot (ATP) Certificate is 3 days, so we will provide an extra day at no additional cost (up to 4 days included in the course fee). If there is a weather or maintenance delay, you will not be charged for extra days to finish up. However, if you require additional training or leave for any reason, you will then be charged an hourly or daily fee.

FINISH-UPS

There are opportunities if you have already started your training and are looking to build experience or finish your Airline Transport Pilot Certificate. The course fee is the best option for someone looking to complete the entire course with us, but a daily fee can be arranged if needed. If you have any questions, please call for a quote to decide which option will work best for you.

COURSE EXPENSES

Course Fee Option	\$1999	Covers all ground and flight instruction for the duration of the course.
Aircraft (Per Hour) Wet	\$318	Average is 8 hours
Check-ride (Approx.)	\$500	Fees vary (This is the area average).

**Fees are subject to change at any time. We try our best to stick to the quote that was given to you.*

BRING YOUR OWN PLANE

We can do that! Make sure to check our instructor experience to make sure we will be legal training you in your specific aircraft. Please call to inquire. Make sure that maintenance logs are current and the aircraft is legal. Please bring the following:

- Airworthy Aircraft
- All Logbooks
- Airworthiness
- Registration (State and Federal)
- Operating Manual
- Current Weight and Balance

****If we cannot verify that this aircraft is legal due to missing documents, we will not be able to use your airplane. ****

COURSE SUPPLIES

The following books are required for the course, most of these are downloadable for free or a minimal fee. We do recommend the paper copies. We have them in stock for purchase. (We sell books at our cost).

- Airline Transport Pilot ACS (May 2019) (FAA-S-ACS-11 Change 1)
- Current Charts, Approach Charts, low enroute charts, AFD
 - (We recommend bringing an iPad with Foreflight or an equivalent program)
