

CERTIFIED FLIGHT INSTRUCTOR-INSTRUMENT ADD-ON COURSE DESCRIPTION

COURSE OVERVIEW

Welcome to 360 Aviation's Certified Flight Instructor with instrument privileges add-on course. This course is intended as an add-on rating to your current (unexpired) flight instructor certificate. This 3-day add-on course will teach you to safely teach students in instrument conditions in preparation for an instrument rating or instrument proficiency check. This course can be used to renew your current flight instructor certificate as long as it has not expired. We will work with you during the day, but you must work each night reviewing ground and flight items introduced that day, as well as previously taught subjects. Personal preparation and studying will allow you to pass the check ride with ease.

PREREQUISITES PRIOR TO STARTING

- \$500 deposit to 360 Aviation, LLC.
 - Deposit will be taken off course fee price upon arrival
 - This deposit secures your scheduled start date with us and is non refundable.
- FAA Certified Flight Instructor Certificate. (Unexpired)
- Current FAA Medical (3rd Class minimum)
- Instrument Flight Instructor Written

PILOT SUPPLIES TO BRING

- Government Issued Photo ID (Driver's License, Passport, Military ID)
- Pilot Certificate (Plastic Card and English Proficient)
- Flight Instructor Certificate
- Current 3rd Class Medical or greater
- Pilot Logbook(s) with flight times totaled
- Check for Examiner
- Headset (Dual Plug GA)
- Notebook and writing utensils

COURSE FEE OPTION

The course fee option guarantees one of our Instructors will work with you each day on the ground and in the air. The average length for the flight instructor instrument add-on is 3 days, so we will provide an extra day at no additional cost (up to 4 days included in the course fee). If there is a weather or maintenance delay, you will not be charged for extra days to finish up. However, if you require additional training or leave for any reason, you will then be charged an hourly or daily fee.

FINISH-UPS

There are opportunities if you have already started your training and are looking to build experience or finish your Certified Flight Instructor with Instrument Privileges Rating. The course fee is the best option for someone looking to complete the entire course with us, but a daily fee can be arranged if needed. If you have any questions, please call for a quote to decide which option will work best for you.

CERTIFIED FLIGHT INSTRUCTOR-INSTRUMENT ADD-ON COURSE DESCRIPTION

COURSE EXPENSES

| | | |
|-------------------------|--------|--|
| Course Fee Option | \$1600 | Covers all ground and flight instruction for the duration of the course. |
| Aircraft (Per Hour) Wet | \$135 | Discounted block rates are available for time building. |
| Check-ride (Approx.) | \$500 | Fees vary (This is the area average). |

**Fees are subject to change at any time. We try our best to stick to the quote that was given to you.*

BRING YOUR OWN PLANE

We can do that! Make sure to check our instructor experience to make sure we will be legal training you in your specific aircraft. Please call to inquire. Make sure that maintenance logs are current and the aircraft is legal. Please bring the following:

- Airworthy Aircraft
- All Logbooks
- Airworthiness
- Registration (State and Federal)
- Operating Manual
- Current Weight and Balance

****If we cannot verify that this aircraft is legal due to missing documents, we will not be able to use your airplane. ****

COURSE SUPPLIES

The following books are required for the course, most of these are downloadable for free or a minimal fee. We do recommend the paper copies. We have them in stock for purchase. (We sell books at our cost).

- Instrument Flying Handbook 2012 (FAA-H-8083-15B)
- Instrument Procedures Handbook 2017 (FAA-H-8083-16B)
- Instrument Rating Airplane ACS (Effective June 2019) (FAA-S-ACS-8B Change 1)
- Flight Instructor Instrument PTS (July 2010) (FAA-S-8081-9D Changes 1 & 2)
- Current Charts, Approach Charts, low enroute charts, AFD
 - (We recommend bringing an iPad with Foreflight or an equivalent program)
- Current FAR/AIM
- Aircraft Specific POH
