

AIRLINE TRANSPORT PILOT COURSE DESCRIPTION

COURSE OVERVIEW

Welcome to 360 Aviation's Airline Transport Pilot course. This 3-day airline transport pilot course will teach you to safely work for an airline and achieve the "Doctorate Degree of Aviation." This course does require extensive preparation in order to take the written test, which is a prerequisite to taking the course. We will work with you during the day, but you must work each night reviewing ground and flight items introduced that day, as well as previously taught subjects. Personal preparation and studying will allow you to pass the check ride with ease.

ACCELERATED COURSE FEE OPTION

Our accelerated ATP course is 3 days in length, working 8 hours each day. This is the fastest way to get your certificate! The accelerated course fee includes all flight and ground instruction for the course, along with any in-house procured materials, and guarantees one of our instructors will work with you each day on the ground and/or in the air. If needed, we will provide an extra day at no additional cost (up to 4 days included in the course fee). If there is a weather or maintenance delay, you will not be charged for extra days to finish up. However, if you require additional training or leave for any reason, you will then be charged at the hourly or daily rate.

FINISH-UPS/FLEXIBLE HOURLY OPTION

If you've already started your training elsewhere or you simply cannot complete this course in one go, we offer an hourly/daily rate that can be customized to fit around your schedule. Our instructors are often available day or night, weekdays and weekends, to accommodate your training needs. The course fee is the best option for someone looking to complete the entire course with us, but a daily fee can be arranged, if needed. If you have any questions, please call for a quote to decide which option will work best for you.
